

Medical Plans

Diageo NA offers you a variety of medical coverage options to choose from, including three UnitedHealthcare Choice Plus Plans and various Health Maintenance Organizations (HMOs). All of the plans are designed to meet your and your family's health care needs by providing coverage for a wide range of services. They can help you manage your medical expenses, and protect you from the potentially high cost of medical care.

This section describes the UnitedHealthcare Choice Plus Plans in detail and provides a general overview of HMOs. For more information about HMO coverage, see "HMOs by State" on page 61 or contact your HMO provider directly. A brief description of available HMOs is included at the end of this chapter, and they are also listed in *Contact Information*.

For More Information

For details about eligibility for benefits, when you can change your coverage, and how you pay for coverage, see *Participating in the Benefits Plans*. For information about your legal rights under ERISA, general information on claims review and appeal procedures, and other important administrative details, see *Administration*.

UnitedHealthcare Choice Plus Plans

Diageo offers three national United Healthcare (UHC) Choice Plus Plans from which to choose:

- Value Option
- Preferred Option
- Freedom Option

The three options provide coverage for the same medical services, but differ by your cost per paycheck and how benefits are paid.

The UHC Choice Plus Plans offer you two options when you need medical care. You may use an in-network provider and benefit from negotiated reduced costs, or you may use an out-of-network provider of your choosing but pay a higher cost for care.

If you enroll in any of the above UHC Plans, you must also elect prescription drug coverage. Your choices are:

- The Select Option
- The Enhanced Option

How the UnitedHealthcare Choice Plus Plans Work

All of the UnitedHealthcare (UHC) Choice Plus Plans offer you a choice about how to receive health care. Each time you need medical care, you decide which health care provider to see. You can receive care from an in-network provider or out-of-network provider. If you go out-of-network for care, although you have benefits, you typically pay more out of your own pocket.

In-Network Benefits

When you go to a UHC Choice Plus in-network provider, there are no claim forms to complete. You just pay your office visit copay or coinsurance. There is a deductible you must meet for all UHC Choice Plus Plan options, so you will receive a bill for the additional amount you owe. You may see any network provider without a referral, and you are not required to designate a PCP. To find a network provider, log on to **www.myuhc.com**.

When you receive care in-network, you pay less for medical services and have no paperwork. Using an in-network provider means:

- Lower, or no deductibles
- Lower, or no coinsurance rates
- Lower, or no out-of-pocket amounts
- A copay each time you receive care (For exceptions, see “Comparing the United Healthcare Choice Plus Plans” on page 47.)
- No claim forms to file, because the provider files all claims on your behalf
- No lifetime maximum amount of medical plan benefits that you can receive

UHC has more than 380,000 providers in their network. A list of network providers can be found on www.myuhc.com. In-network providers must:

- Have graduated from an accredited school of medicine
- Be board-certified or have met the criteria for board certification
- Have unrestricted malpractice insurance
- Have full hospital privileges
- Have an unrestricted state license
- Have sufficient support staff and office equipment

Once doctors are accepted into the network, they are regularly monitored to ensure that they continue to meet UHC's standards for care.

Out-of-Network Benefits

When you go out-of-network for your medical care, you have the freedom to choose any doctor, hospital, or other provider, but you pay more for this flexibility. You may choose to go out-of-network at any time to see a doctor or specialist without a referral, or receive care at any hospital. When you receive care out-of-network, the UHC Choice Plus Plans will pay a percentage of reasonable and customary (R&C) charges after you meet your annual deductible. You will need to file a claim form to determine coverage and to receive benefits.

Using an out-of-network providers means:

- Freedom to choose any medical provider
- Higher annual deductibles
- Higher coinsurance rates
- Higher out-of-pocket amounts
- You must call UHC's Care Coordination for preauthorization of benefits for certain medical services, or coverage will be reduced to 50%. See "Comparing the United Healthcare Choice Plus Plans" on page 47.
- You must file a claim form each time you or a family member receives care
- There is a \$2 million lifetime maximum amount of medical benefits for each family member

If you go out-of-network, you will need to notify UHC at 1-888-697-9063.

Reasonable and Customary (R&C) Charges

Reasonable and customary (R&C) charges are established based on what providers with similar professional backgrounds, education, and experience charge for a specific service within a given area. Providers not participating in the network will bill their full charge. The plans cover costs up to R&C limits, and you are responsible for paying any portion of the bill over the limits. Charges above R&C amounts will not apply toward your deductible, coinsurance, or annual out-of-pocket maximum.

Annual Deductibles

You must meet an annual deductible before the plan pays benefits. Once you satisfy the annual deductible requirement, the plan reimburses a percentage of covered expenses. An individual deductible applies separately to you and to each one of your family members. A new deductible applies each calendar year.

Deductible

The deductible is the amount you pay each year for eligible medical expenses before the plan begins to pay benefits.

UHC Choice Plus Plans also offer a family deductible, which is the total amount you and your covered family members have to pay in deductibles each year, regardless of your family's size. The family deductible amount is three times the individual deductible amount for any UHC Choice Plus Plan. The maximum amount of any individual family member's medical expenses that can count toward meeting the family deductible can't exceed the individual deductible for your plan. All of your covered dependent's expenses count towards meeting the family deductible, even if a family member has not met their own individual deductible.

The specific deductible amounts for the UHC Choice Plus Plans are shown in the "Comparing the United Healthcare Choice Plus Plans" on page 47.

Coinsurance

The coinsurance is the percentage of benefits you and the Company pay for eligible medical expenses.

Expenses Above Deductible (Coinsurance)

After you meet your deductible, each time you receive in-network medical services, including office visits, inpatient hospitalization and outpatient surgery, you and the Company each pay for a percentage of the cost. The exact percentages vary depending on what UHC Choice Plus option you elect. You pay a higher coinsurance amount for care received from out-of-network providers.

The coinsurance amounts for the UHC Choice Plus Plans are shown in the "Comparing the United Healthcare Choice Plus Plans" on page 47.

Out-of-pocket maximum

This is the most you will pay in covered R&C medical expenses during the year, including any applicable deductibles.

Out-of-Pocket Maximum

To protect you from unpredictable large medical bills, the UHC Choice Plus Plans have an annual out-of-pocket maximum. If you reach your out-of-pocket maximum in a given year, the plan will generally pay 100% of covered R&C charges for the rest of the year. See "Comparing the United Healthcare Choice Plus Plans" on page 47.

The out-of-pocket maximum does not include office visit, hospital, surgical and mental health copays for care and charges that you pay above R&C limits.

ID Card

You will receive an ID card within a few weeks of enrolling in a UHC Choice Plus Plan. The ID card provides information that you will need when making appointments, including your name, your ID number, and any other covered dependents. If you have any questions about your coverage, call 1-888-697-9063. If you require medical care before you receive your ID card, tell your doctor that you are a Diageo NA employee and that your coverage is administered by UHC, Group #144737. Your doctor can contact UHC at 1-888-697-9063. You may also get a temporary card by logging on to www.myuhc.com.

If you do not receive your ID card within a few weeks of enrolling, call UHC.

If You Have a Flexible Spending Account

If you enroll in an Flexible Spending Account (FSA), you will also receive an FSA debit card. Present the debit card whenever you have an eligible expense, and the proper amount will automatically be deducted from your FSA funds.

If you sign up for a Health Care Account, which is a type of FSA, you may not submit expenses for FSA reimbursement that are paid for by your medical plan. You may only submit the amount of your eligible out-of-pocket expenses.

Prescription Drug Coverage

If you enroll in any of the UHC Choice Plus Plans, you must also select prescription drug coverage. Your choices are:

- The Select Option
- The Enhanced Option

Both the Select and Enhanced Options provide coverage for prescription drugs purchased through a retail pharmacy or using the home delivery service. The difference between the two options is the cost per paycheck and copay amounts.

For more information, see the *Prescription Drug Coverage* section.

Care Coordination—Medical Plan Management

The UHC Choice Plus Plans use a process called Care Coordination to ensure that both the patient and the doctor are aware of all of the benefits that are available through the plans so that both parties can make an educated decision regarding treatment options.

If you are enrolled in one of the UHC Choice Plus Plans and use an out-of-network providers, there are times when you will need to place a notification call to UHC's Care Coordination unit before receiving certain types of medical care. If you receive certain care without making the notification call, benefits will be reduced to 50%.

If you use in-network providers, your doctor will automatically make the notification call for you so that you are assured maximum coverage.

Services Requiring a Notification Call

The following services or treatments require a Notification Call:

- Accidental dental services
- Birthing center
- Cardiac rehabilitation therapy
- Chiropractic care
- Durable medical equipment (DME) and prosthetic appliances for items with a purchase or cumulative rental cost of more than \$1,000
- Home health care
- Hospice care
- Inpatient and outpatient surgery

For UHC assistance

If you have any questions about your medical coverage, call UHC at 1-888-697-9063 and follow the phone prompts.

Durable Medical Equipment (DME)

Equipment that is related to the care of a medical condition, such as a wheelchair or hospital bed.

Hospice care

Home care or inpatient care for a patient with a terminal illness.

- Inpatient hospital admissions
- Maternity care, if the stay exceeds 48 hours for a vaginal delivery, or 96 hours for a cesarean section
- Pulmonary rehabilitation therapy
- Reconstructive procedures
- Skilled nursing facility and inpatient rehabilitation facility services
- Transplants
- Treatment for mental health and substance abuse, coordinated through United Behavioral Health (UBH)

Out-of-Network Health Care Coordination Process

Before surgery, hospitalization, or any other medical service above, call 1-888-697-9063 and follow the phone prompts. A Care Coordinator will verify your Diageo NA coverage and ask you for the following information:

- Patient's name
- Doctor's name and phone number
- Recommended treatment
- Reason for the treatment
- Name of the hospital (if applicable)
- Date of the proposed treatment

The Care Coordinator will also:

- Contact your doctor for any additional information.
- Advise you, your doctor, and the hospital (if applicable) of the benefits your plan provides for the proposed treatment program, as well as any other coverage the plan offers that may be useful in treating the condition.
- Let you and your doctor know if a particular service is not covered by the plan. Written confirmation will be mailed to you, your doctor, and the hospital (if applicable).
- Work with your doctor to obtain any necessary medical equipment, rehabilitation services, home health care, or other medical services to help you or your family member recuperate

If a Medical Service Is Not Covered

The Care Coordinator will advise both you and your doctor if the plan does not cover a particular type of treatment or condition, and may recommend alternate forms of care covered by the plan. At that time, you and your doctor may forward any additional information to help the Care Coordinator evaluate the plan's coverage.

If you are dissatisfied with the outcome of the Care Coordination process, you and your doctor may appeal the decision, in writing, to UHC. (Refer to the *Participation* section.)

The final choice in treatment options is always made by the doctor and the patient.

Benefits Covered by the UnitedHealthcare Choice Plus Plans

The UHC Choice Plus Plans cover a wide variety of health care services. The following chart lists a number of covered services, and compares how each UHC Choice Plus option pays benefits.

Following the chart is a more detailed description of some of the benefits covered by the UHC Choice Plus options.

Comparing the United Healthcare Choice Plus Plans

Benefits and Services	Value Option		Preferred Option		Freedom Option	
	In-Network	Out-of-Network	In-Network	Out-of-Network	In-Network	Out-of-Network

Copay waived if admitted from hospital stay. 120 days per year limit for in-network and out-of-network.						

*This service requires Care Coordination and must be pre-certified in order to receive full benefits. If you use a network provider, your provider will handle the details.

Other Covered Services

This section describes, in general terms, the benefits that most UHC Choice Plus Plans cover. See “Benefits Covered by the UnitedHealthcare Choice Plus Plans” on page 47 for specific information on the benefits available for your UHC Choice Plus Plan.

Maternity and Newborn Benefits

If you or a dependent has medical expenses related to the birth of a child, the plans will pay hospital or birthing center and doctor or nurse midwife expenses the same as for any other medical condition.

The UHC Choice Plus Plans pay benefits for 48 hours in the hospital or birthing center for a vaginal delivery, and 96 hours in the hospital for a cesarean delivery. Additional time in the hospital requires a notification call. If the newborn is admitted after birth, a separate hospital copay will apply.

Mental Health and Substance Abuse

Mental health and substance abuse benefits are coordinated with a division of UHC called United Behavioral Health (UBH).

If you feel that you or a family member needs help with a mental health or substance abuse issue, call UBH care managers at 1-888-231-4886 available 24 hours a day.

If it is an emergency (a person is a threat to him or herself or to others), go to the closest medical facility and notify UBH within 48 hours.

Your call to UBH satisfies the notification requirement for mental health or substance abuse treatment. UBH will coordinate your care to ensure maximum coverage. If you receive care without contacting UBH, benefits will be reduced to 50%.

Multiple Surgical Procedures

If more than one surgical procedure is performed at the same time, benefits may be limited to:

- 100% of R&C expenses for the main procedure
- 50% of R&C expenses for the second procedure
- 25% of R&C expenses for additional procedures

Outpatient Physical and Occupational Therapy

Coverage for outpatient physical and occupational therapy is limited to three treatment modalities for each body part during any one visit, up to 40 combined visits each calendar year.

Remember to add your newborn as a dependent

Be sure to add your baby to your coverage within 31 days of the birth by logging on to Diageo One or by contacting your Human Resources Representatives. See *Life Events* for more information.

What constitutes a surgical procedure?

Any cutting, suturing, correcting of fractures, reducing dislocations, taping, and removing stones or foreign bodies by endoscopic means.

Reconstructive Surgery

Reconstructive surgery is covered to improve functional impairment as a result of:

- Birth defect
- Sickness
- Surgery to treat a sickness or accidental injury
- Accidental injury that occurs while the patient is covered by the Diageo NA Plans

Mastectomy

Mastectomy treatment will be covered for the breast on which the mastectomy has been performed, and the other breast to produce a symmetrical appearance. Coverage is also provided for prostheses. In addition to reconstructive surgery, the plans also covers treatment for phases of post-mastectomy surgery, including swelling associated with the removal of lymph nodes.

Speech Therapy

Speech therapy must be provided by a licensed speech therapist and intended to restore speech that was lost as a result of:

- Surgery, radiation therapy, or other treatment that affects the vocal chords
- Cerebral thrombosis (cerebral vascular accident)
- Brain damage due to an accidental injury or organic brain lesion (aphasia)
- Accidental injury that occurs while the patient is covered by the Diageo NA Plans
- Congenital anomalies, such as cleft lip or palate

Speech therapy is covered for children under age three whose speech is impaired due to:

- Infantile autism
- Developmental delay or cerebral palsy
- Hearing impairment
- Congenital anomalies, such as cleft lip or palate

Emergency Room Treatment

The emergency room should only be used for acute medical conditions caused by an accident, or the sudden onset of a severe or suspected severe illness.

Some examples of acute conditions are:

- Suspected heart attack
- Sudden asthma attack
- Convulsions
- Loss of blood

- Blood or food poisoning
- Broken bones

Examples of non-acute conditions are:

- Colds
- Sore throats
- Stomach aches
- Flu

If you are admitted through an emergency room to a non-network hospital, claims will be paid based on R&C charges.

Emergency Hospital Admission

If you or a family member is admitted to the hospital as a result of an emergency, you must notify Care Coordination as soon as reasonably possible. If the emergency occurs on a weekend, you must place the Notification Call within 72 hours of the hospital admission.

Medical Benefits Not Covered by the UnitedHealthcare Choice Plus Plans

The following are examples of expenses not covered under the UHC Choice Plus Plans:

- Breast reduction surgery
- Charges above R&C amounts
- Charges for the completion of claim forms, or failure to keep an appointment
- Charges from a provider who would waive deductible or coinsurance payments
- Cosmetic or reconstructive surgery unless the direct result of an accident that occurred while covered by these plans, or the result of a congenital malformation or surgery causing functional impairment
- Dental treatment (plans cover treatment for accidents and TMJ)
- Educational services
- Expenses for ineligible providers, including but not limited to: Christian Science practitioners; pastoral counselors; exercise, sports and massage therapists; lactation consultants
- Health club memberships, weight loss clinics, and similar programs
- Inpatient private-duty nursing
- Liposuction
- Medical charges covered by any other plan or Worker's Compensation
- Medical expenses incurred outside the U.S. for treatments that are not approved procedures in the U.S. (e.g., Laetrile cancer treatments in Mexico)
- Mental health and substance abuse expenses not approved by UBH

- Nursing home charges and expenses for custodial care
- Organ transplants, unless approved through the United Resource Network
- Personal convenience items such as first aid kits, air conditioners, dehumidifiers, air purifiers, exercise equipment, orthopedic mattresses, home or automobile modifications, or other similar items, even if recommended by a doctor
- Professional care by a close relative
- Radial keratotomy or other surgery designed to correct your vision
- Routine eye exams, eyeglasses, and contact lenses (The Vision Service Plan provides reduced rates for many eye care services. See *Vision Service Plan* for details.)
- Services not ordered by a doctor or recognized as safe and effective for the stated diagnosis
- Services received after the date your coverage ends
- Treatment and supplies considered experimental, investigative, or unproven in nature
- Treatment or surgery to change gender
- Treatment received before you were a member of the plan
- Vocational rehabilitation, and recreational or educational therapy

Filing Out-of-Network Medical Claims

You or your medical provider will need to submit a claim form each time you or a family member receives medical care out-of-network.

Claims must be submitted within 15 months of the date of service. For example, if you are hospitalized in June 2007, you must submit your claim by September 2008.

Claim forms are available from UHC, in the Forms library on Diageo One, or from your Human Resources Representative.

Include your name, Social Security number, and Policy number on each claim form. Send your completed claim forms and appropriate receipts or attachments to:

UnitedHealthcare
PO Box 740800
Atlanta, GA 30374-0800

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com.

Questions?

If you have questions about your medical benefits or need claim forms, call UnitedHealthcare at 1-888-697-9063 and follow the phone prompts. Current participants can log on to the website at www.myuhc.com. Claim forms are also available in the Forms library on Diageo One, or from your local Human Resources Representative.

To contact UnitedHealthcare's Care Coordination, call 1-888-697-9063 and follow the phone prompts. To contact United Behavioral Health (UBH), call 1-888-231-4886.

Health Management Organizations (HMOs)

Diageo NA offers various Health Maintenance Organizations (HMOs) to eligible employees. Most of the HMOs offered are fully insured plans, but some are self-insured by the corporation. The HMOs available to you will depend on your home ZIP code.

HMOs are comprised of a network of managed care providers. There are no annual deductibles to meet and no claim forms to file. Generally, there is no coverage for care received outside of the HMO network unless you receive treatment for a true emergency, or your PCP refers you to an outside provider approved by the HMO. Contact your HMO to determine specific out-of-network coverage.

This section is a general description of how HMOs work. For specifics on the HMO you are enrolled in, see "HMOs by State" on page 61 or contact your HMO directly.

How a Typical HMO Works

Generally, an HMO will cover only care that you receive from health care providers who participate in the HMO's network. (There are exceptions for emergency situations.) If you enroll in an HMO, you must use only those physicians, hospitals, and other providers who participate in that HMO's network. If you do not use participating providers, except in an emergency, the HMO will not cover that care, and you will be responsible for paying the full cost of that care.

With most HMOs, when you enroll you select a PCP who provides routine and preventive care and coordinates all your health care needs. In most cases, if you need to see a specialist or be admitted to the hospital, the HMO or your PCP will refer you to a pre-approved specialist or facility. You will find PCPs listed in your HMO's provider directory, which you can access from your HMO's website or by calling the phone number on your ID card.

HMOs generally do not require you to file claims or pay a deductible before the HMO pays benefits. Instead, you pay a copay at each doctor or specialist visit, but you must stay in the HMO's network. You will receive an HMO ID card from the HMO you elect that contains your name, ID number, and any covered dependents. You may be required to present this card at any doctor or specialist office visit.

The specific services that are covered will vary depending on the HMO you select. You can find more information about each HMO in the "HMOs by State" on page 61 or by contacting the HMO provider directly.

Network Coverage

HMOs feature a network of selected doctors and hospitals that have agreed to provide medical care to plan participants. When you enroll in most HMOs, you select a PCP from their network. Generally, you must see your PCP first for your treatment to be covered, so that he or she can coordinate your care.

Primary Care Physicians (PCP)

Most HMOs require you to elect a PCP when you enroll in your benefits. Your PCP acts as a guide to provide and coordinate all of your care. If your PCP finds that you need special care, he or she will refer you to specialists and facilities that are part of your HMO's network.

When you enroll, every covered family member usually selects a primary care physician. You can find PCPs listed in your HMO's provider directory or in the HMO's plan summary. If you like, you may select a different PCP for each family member.

Your PCP can be a general practitioner, an internist, or a family practitioner. You may choose a pediatrician to be your children's PCP. In some HMOs, women may select a gynecologist for their routine gynecological checkups, in addition to choosing a PCP for other health care needs.

Changing your PCP

Most HMOs allow you to change your PCP when you want to without waiting for Open Enrollment. To change your PCP, contact your HMO by calling the phone number on your ID card.

If You Need a Specialist

Generally, when you need a specialist, you will have to obtain a referral from your PCP in order to receive benefits. In some HMOs, you do not need a PCP referral to see a specialist or referrals are not required for certain kinds of specialist care as long as the specialist is part of the HMO network.

If your plan requires a referral and you go to a specialist without one, you may be responsible for the full cost of your care.

How Benefits Are Paid

With most HMOs, you don't need to file claims for benefits. You generally pay only a copay each time you receive care. The plan covers the remainder of the cost.

The copay varies based on what services you receive and what your HMO offers. For example, the copay for specialist care is often higher than the copay for care from your PCP. There is often a higher copay for care provided in an emergency room, but this copay is waived if you have to be admitted to the hospital.

Occasionally, you may be billed directly for covered services (such as laboratory tests or emergency care) that are authorized by your PCP. If that happens, contact your HMO for directions for filing a claim for benefits.

Remember, except in emergency situations, the HMO only covers care received from providers who are part of the HMO network. You must have HMO approval for several types of care, such as specialist visits or inpatient care. The easiest way to ensure that you have the necessary approval is to have your PCP coordinate all the care you receive. If you are unsure about whether your care is approved and will be covered, contact the HMO.

Copay

A copay is a predetermined fee (fixed dollar amount) that you pay for certain health care services.

Maximum Benefits

For most HMOs and for most services, there is no annual or lifetime limit on the amount of benefits you receive from health care providers in your HMO's network. Limits may apply for certain kinds of care, and these limits are often defined in terms of how often you can receive the care within a fixed time period (or, for inpatient care, how many days of inpatient care are covered). See "HMOs by State" on page 61 or contact the HMO provider for more information about these limits.

International Assignees

Contact Aetna Global Benefits at 1-800-231-7729 or www.aetna.com/agb.

Benefits Covered by HMOs

Every HMO is different, so you should refer to the HMO-specific information on what your HMO covers. You can also contact your HMO directly at the phone number shown on the plan summary or on your ID card to confirm what services are covered and whether there are any limits on coverage.

In an HMO, you must use providers and facilities that participate in the plan's network. If you do not, you will be responsible for the full cost of your care, except in an emergency.

If your HMO doctor recommends a service that is not covered by your HMO, but he or she feels that service is appropriate, he or she should notify you in advance that the HMO would not cover the care.

Routine Care

Most HMOs cover preventive care services and health screenings. Such services may include:

- Routine physical exams, including well child care and adult care
- Routine health screenings, including gynecological exams, mammograms, sigmoidoscopy, colonoscopy, and PSA (prostatic-specific antigen) screenings
- Routine eye exams
- Routine hearing exams

Hospital Care

Generally, care in a hospital that is part of the HMO's network, both inpatient and outpatient, requires a copay. After your copay, hospital care is covered at 100% for covered services. If you use a network provider or lab but are not referred by your PCP, you may be required to pay for the services. Hospital services generally require a referral or advance approval (also known as "pre-certification") from your HMO. Your PCP usually coordinates this advance approval.

Maternity Care

Most HMOs cover physician services and hospital care for both the mother and the newborn child, including prenatal care, delivery, and post-natal care. Generally, you will need a referral for your first visit to a participating obstetrician. However, you will not need a referral for the remaining visits during your pregnancy.

The mother and newborn child are generally covered for a minimum of 48 hours of inpatient care following a vaginal delivery and 96 hours following a cesarean section. Some HMOs provide coverage for home health care visits if your doctor determines (with the mother's consent) that you and your child may be safely discharged after a shorter stay.

State Maternity Laws

The 48/96-hour minimum stay after childbirth is required by federal law. State laws may provide additional requirements for maternity coverage. Contact your HMO for details on whether your state's requirements supersede the federal requirements.

Important emergency room information

If you go to a hospital emergency room and your condition is not an emergency or if you do not notify your HMO about the emergency within the required time frame, your benefits may be reduced or not paid at all.

Emergency Care

Most HMOs define a medical emergency as a sickness or injury that, without immediate medical attention, could place a person's life in danger or cause serious harm to bodily functions. Examples of emergencies include an apparent heart attack, severe bleeding, loss of consciousness, and severe or multiple injuries.

Most HMOs require a copay for each emergency room visit. If you are admitted to the hospital, in most cases the copay is waived. Non-emergency services provided in an emergency room are not covered.

If you have a life-threatening situation, go to the nearest emergency room. Show your HMO ID card to the hospital admissions staff. To ensure you receive benefits, most HMOs require that you notify the HMO within two days of the emergency. If you do not notify the HMO, the HMO may not cover the cost of the care. This means you may be responsible for the full cost of your care.

See "HMOs by State" on page 61 or contact your HMO for more information, including their definition of a true medical emergency.

Benefit Limitations

Covered services, exclusions, and limitations vary by HMO. It is important to check directly with the HMO before enrolling to ensure that you fully understand the provisions of the plan.

* ConnectiCare uses three prescription drug categories—Tier 1, Tier 2 and Tier 3—to determine your copay for each prescription. Tier 1 drugs have the lowest copay, Tier 2 drugs are the middle copay option, and Tier 3 drugs have the highest copay. Prescription drugs are listed by tier in the ConnectiCare Pharmacy Drug List (PDL). You can use the information in this list to help you make informed decisions about medications for you and your family. To see the complete ConnectiCare PDL, or to determine the way in which specific drugs are categorized within the three tiers, go to www.connecticare.com, or call ConnectiCare at 1-800-251-7722 and speak with a representative.
