Employee Assistance Program (EAP)

The Employee Assistance Program (EAP) provides you and your family with confidential assistance for a wide range of personal and work-related issues.

You are automatically enrolled for EAP coverage. The Company pays the full cost of your EAP and coverage. You pay the cost of any services provided outside the EAP.

Questions?

If you have questions about the EAP after you review the information here, call 1-888-231-4886.

EAP Benefit Summary

The plan covers five visits per year to an EAP provider for counseling services for you and your eligible dependents.

If you require ongoing treatment after your provider assesses your situation, you may be required to pay your medical plan's copay for additional visits. Check with your medical plan for benefit coverage.

The following are examples of services covered by the EAP:

- Child and elder care
- Compulsive gambling
- Death and dying
- Depression and anxiety
- Eating disorders
- Financial or legal concerns
- Maintaining a balanced life
- Marital and relationship problems
- Parent-child conflict
- Physical abuse
- Retirement concerns
- Sexual problems
- Single parenting
- Stress
- Substance or alcohol abuse
- Work-related problems

If You Need Immediate Help

If you need help coping with challenges at work or at home, an EAP specialist is available 24 hours a day at 1-888-231-4886.

Other services include:

- Community resources for child and elder care, as well as care for disabled dependents and adoption counseling
- Legal services, including unlimited telephone consultation, free 30-minute initial consultation, and additional legal services available at a 25% discount
- Family mediation services, including a free 30-minute telephone consultation and referral to a local mediator, whose services are available at a 20% discount

- Community financial resources for assistance with debt management and budget planning

Receiving EAP Services

You may call the EAP 24 hours a day at 1-888-231-4886. You will speak confidentially to an EAP Specialist who is an experienced professional with a clinical master's degree. You will receive approval for two sessions; after those sessions, your provider will speak with an EAP Clinical Assessment Reviewer, who may approve any additional visits. They will also discuss whether the issue can be resolved within your remaining sessions or whether you should continue treatment through your medical plan.

Vacation Buy Plan

Through the Vacation Buy Plan, you may buy up to one week of vacation to add to your regular vacation time each year.

You can enroll in the Vacation Buy Plan when you are hired, during Open Enrollment, or if you have a life status change. Employees hired on or after October 1st will not be able to participate in the current year, but will be provided an opportunity to enroll for the plan year beginning January 1st of the following year. See *Participating in the Benefits Plans* for additional information about when you can enroll or change your benefits.

Calculating the Cost for Vacation Days

You pay the full cost of buying vacation days on a pre-tax basis. The annual cost of optional vacation days will be deducted evenly from each of your paychecks throughout the year. Although you buy vacation time in full-day increments, the cost is calculated by your hourly rate.

An Example

Your annual base salary is \$40,000 on January 1 and you decide to buy three vacation days for that year. Your cost is calculated as follows:

Step One	Step Two	Step Three
Ann. Base Salary ÷ 52 Weeks in a Year =Weekly Pay	Weekly Pay ÷ Hours Worked per Week = Hourly Wage	Hourly Wage x Hours Optl. Vacation Days = Cost for Vacation Days
\$40,000 ÷ 52 Weeks = \$769.23	\$769.23 ÷ 37.5 Hours = \$20.51 per Hour	\$20.51 x 22.5 Hours = \$461.48 for 3 Vacation Days

Using Your Optional Vacation Days

When you use your optional vacation days, you will receive your base rate of pay that is in effect on that date.

You must schedule your optional vacation days with your manager before using them. Also, you must use all of your regular vacation days and floating holidays before using your optional vacation days. You cannot carry over optional vacation days to the next calendar year.

Unused Optional Vacation Days

If you do not use your optional vacation days before the end of the calendar year, you may request to be reimbursed for unused days pending verification from your manager. Your reimbursement will be taxed as regular income.

Special rules may apply in California; contact your Human Resources Representative for more information.

Questions?

If you have questions about the Vacation Buy Plan after you review the information [here](#), log on to Diageo One or call your Human Resources Representative.

Part I: Pre-Approval Process

To obtain pre-approval for tuition reimbursement, employees will:

- Discuss the degree program with their manager, outline benefits of program to their own objectives and Development Plan. Identify how the program will allow them to grow within the company. Please note that an approval of a degree program is not a guarantee of a promotion to a position utilizing such training upon completion of the program.

- Pay for courses and save your receipts for Tuition, registration fees, laboratory fees and books.

If the amount requested exceeds the initial request, have your manager approve the request again. Submit the Education Assistance Form to Human Resources Solutions. You must submit for reimbursement within 60 days after course completion.

- Allow 45 days for reimbursement.

Note: because this is a reimbursement program, if you obtain a loan to cover your expenses, you will not be reimbursed unless you provide proof of payment to the lending institution within 60 days of course completion.

Helpful Tips

For Reimbursement to occur, the following must be true:

Manager's pre-approval for coursework is recorded

A Tuition Expense report is received and all receipts are attached along with a transcript of grade(s) received for course(s). Your manager's signature is required if additional amounts are requested for reimbursement. Expenses submitted are for tuition, books or lab fees.

Employee has received at least the required "C" or "Pass".

You must submit for reimbursement within 60 days of course completion.

Note: Approval for tuition reimbursement will be on a course/semester basis. Approval for a course/semester does not qualify an employee for continued assistance.

Plan Amendment/Termination

The Company reserves the right to interpret, amend or terminate this program at any time.

Fitness Center Reimbursement

Who qualifies for the reimbursement?

The Fitness Center Reimbursement is available to all eligible Diageo North America full-time and part-time employees (excluding temporary and bargaining unit employees). Upon receiving the health club receipts, the reimbursement will be processed by FirstPoint. You will be reimbursed according to the above guidelines. Please allow 45 days from submission date for processing.

Will I receive a check in the mail, or will it be included in my paycheck?

Matching Gifts Program

This program has been designed to promote Diageo North America's employees' participation in the form of monetary contributions to 501(c) (3) organizations of choice. Through this support, Diageo North America reaffirms its objective to be an active corporate member in communities throughout the country.

Please read carefully the guidelines that have been established for these donations to institutions meeting IRS tax status parameters of a non-profit association. It is your responsibility to ensure that the institution qualifies as a 501 (c) (3). Following the guidelines, you will find a form to be printed out, completed and forwarded with your check to the designated organization.

If you have questions regarding this program's guidelines, qualifying participants or recipients, please call Diageo North America's Office of External Affairs, Washington, DC: (202) 715-1111 or via e-mail to barry.becton@diageo.com.

Program Purpose

To encourage support of non-profit organizations, the Diageo North America Foundation, Inc. funds the following Matching Gifts Program of financial assistance...matching each eligible gift on the basis of \$1 for every dollar contributed between \$25 and \$2,000.

- An eligible participant and spouse will be considered as one participant for purposes of the gift maximum
- Matching gifts will be unrestricted, allowing the institution to determine their use
- Upon certification by the institution, gifts will be matched on a quarterly basis

Qualifying 501(c) (3) Institutions

There are many different types of non-profit organizations, but only 501(c) (3) federally tax-exempt non-profits qualify for the Diageo North America Matching Gifts Program. A 501(c) (3) organization provides environmental, charitable, religious, scientific, medical, arts/cultural, or academic services to the public, and is an organization that qualifies for tax-deductible donations according to the IRS Code.

Qualifying Gifts

Gifts That Qualify For Matching

- Gifts must be by personal check or securities with a quoted market value. For gifts in securities, the Foundation will determine the amount of its grant based on the last sale or bid price on or before the date of the contribution, when possible.
- A bequest on a “one-time-only” basis if it’s paid within two years of death and if it satisfies all provisions of this program
- Attendance at an institution is not a requirement for the gift to be eligible for matching
- Matching of gifts by another foundation or company will NOT disqualify a gift under this program

This program is intended to support voluntary contributions to 501(c) (3) institutions. It is not designed to replace or pay for expenses that are not tax deductible as contributions under Internal Revenue Service regulations.

Gifts That Do Not Qualify

Excluded from this program are all payments other than outright gifts, for example: payments in lieu of tuition, admission to institutions, sports, cultural or other events, class, national or local alumni dues, memberships, subscription fees, promotional events such as lotteries or magazine sales and other payments as may be determined not to be in compliance with the provisions or intent of this program.

Administration

The foundation will not match a gift unless the required application form is FULLY COMPLETED.

- Form should accompany gift to the institution
- To qualify for a matching gift, an eligible institution must return the completed form to the Foundation with a photocopy of the donor’s check or with evidence of securities transferred
- Matching gifts will be made directly to the institution

* If you have any questions regarding the status of your favorite charity, please contact External Affairs by calling (202) 715-1111.

The Foundation will not match pledges at the time they are made, but will when they are paid. When actual payment of a pledge is made or when each payment of a portion of a pledge is made, a new form must be completed and sent to the institution with the payment. All matters related to interpretation, application or administration of provisions of this program or otherwise relating to it shall be determined by the Board of Directors of the Foundation, and its determination shall be final. The Foundation reserves the right to change or terminate this program as conditions may warrant.
